

Swept Away!

American DJ Expands Award-Winning Revo Series With New Revo Sweep LED Club Chasing Effect

The Revo revolution continues! American DJ has rolled out the **Revo Sweep**, an exciting chase effect that is the newest member of the company's award-winning Revo family of RGBW LED club lighting fixtures.

Armed with 84 high-output 5mm LEDs (21 red, 21 green, 21 blue, 21 white), the Revo Sweep creates a shower of brilliant color beams through 7 lenses. A metal piece in front of the lenses moves from left to right, producing a chase-like movement as the beams race and sweep across the club or dance floor, giving rise to the Revo Sweep's descriptive name. The Revo Sweep will "sweep" away club patrons, too, with exciting onboard features like high-energy built-in lighting programs, variable speed color strobing, and 0-100% electronic dimming.

- 84 5mm LEDs 21 Red, 21 Green, 21 Blue & 21 White LEDs)
- 2 DMX Modes: 3 Channel Mode; 28 Channel mode for programming flexibility
- 3 operational modes: DMX-512; Master/Slave: Sound Active
